

BIRDS EYE MAPLE VENEER

Latin names: Acer sp.p.

Commercial Names: (I) Acero americano , (F) Erable d'Amérique, (D) Ahorn , (E) Acre (USA) Sugar maple, Balck maple, Hard maple

Original names: Erable d'Amérique dur, hard maple , Balck maple

Mechanical properties: Average resistance to longitudinal compression: 45N/mm²

Bending strength: 110N/mm²

Modulus of elasticity: 9.400N/ mm²

Density: 660kg/m³ 12%MC

Dimensional changes: medium to large

Hardness: medium

Texture: fine

Porosity: low.
